Subject: Meeting request

Doug, it's been a while since we last spoke. You've had a great public service career going back to Sen. Allard days. I enjoyed my arc from CH2M to the Senate to Bush DOE and now down in Houston. The reason for this email is that we and the COGCC have been having prolonged discussions with career staff in the region about the classification of certain of our disposal wells, and seem to have reached an impasse. May we get on your schedule for a meeting in mid-April, ideally the 16th, 17th or 18th to brief you about the issue? Apologies for not reaching out to your Executive Assistant, but I don't know who that is. Very best wishes, Dave

Dave Conover
Vice President, Corporate Communications & Public Affairs

Kinder Morgan, Inc. (NYSE: KMI) is one of the largest energy infrastructure companies in North America. It owns an interest in or operates approximately 85,000 miles of pipelines and 152 terminals. KMI's pipelines transport natural gas, refined petroleum products, crude oil, condensate, CO2 and other products, and its terminals transload and store petroleum products, ethanol and chemicals, and handle steel, petroleum coke, and other products. It is also a leading producer of CO2 that we and others use for enhanced oil recovery projects primarily in the Permian basin. For more information please visit www.kindermorgan.com.
